## *Qazzoo is...*

- A consumer powered search engine
- A low cost solution to the problems associated with advertising today
- An alternative for consumers who are tired of wasting time searching online
- A reversal of traditional search engines
- A blending of social media and search engine technology
- A community of over one million people with complementary needs
- A platform that puts control in the hands of the consumer and the local business

## *Qazzoo lets you...*

- Search thousands of local homebuyer profiles for Free!
- Search by State, County, City, Zip Code, Credit Worthiness, Price Range and much, much more!
- Access additional FREE detailed information on each homebuyer before you select them
- Determine if the homebuyer is a good match for you before you connect with them
- Earn FREE credits by blogging, linking, commenting and engaging on Qazzoo
- Receive FREE real time emails or text messages when homebuyers generate profiles that meet your criteria
- Save thousands of dollars each month by never advertising again!
- Do what you do best...sell homes!

“ The site seeks to drive down the cost per lead in comparison to other national sites such as Zillow and Trulia. ”

“ Qazzoo is a consumer-powered search engine that connects real estate professionals with potential clients. Matthew Vettese, a real estate expert, exclaims the value of this resource for professionals and home buyers and sellers. ”

“ Determined to change the way people think of search engines. ”

“ Qazzoo.com empowers local consumers and allows small businesses to reach out to their core audience on a frictionless platform. ”

“ The site is very real and aims to connect brokers with potential clients, rather than buyers with particular properties. ”

“ A consumer powered search engine that connects consumers with local merchants who can provide the exact products and services they are seeking. ”
